No. 359
Enclosure No. two.

Sanitary 144 of 1900

Sir,

I have the honor to submit herewith a copy of Chief Engineer's No: 1177 of 28/2/01 returning the Estimate amounting to Rupees 1470 for opening out an approach Road to the Malleswaram Extension of the Bangalore City, un Sanctioned as there are no funds under Provincial, and the Municipal President on a reference made states that the Extension is not in the Municipal Limits further funds are not available

for

for the purpose. The necessity for the work is fully explained in the report accompanying copy enclosed for reference.

II Under the circumstances I request to know whether this small sum of Rs: 1470/- can be made available from Plague funds.

I have the honor to be
Sir.
Your most obedient Servant.

No.

Enclosure No.

Referring to his No 500/112 of the 16/19th instant, submitting an Estimate amounting to Rs: 1470/- for opening out approach road to the northern extension of the Bangalore City, has the honor to enquire whether the Municipal Board have expressed any opinion regarding the necessity for above work.

II The Superintending Engineer does not state from

that

what Source he purposes to have the work carried out, as money & financial press... he is already aware that no money can be spared from Provincial Funds. This informa... - tion may be obligingly forwarded.

Report to accompany the Estimate of the probable cost of opening out approaches to the Mallaswaram Extension - Bangalore City:—

The want of an approach to the Extension from the Cantonment, more especially from the new market, is much felt, not only by the inhabitants of the Extension but also by the Cantonment people, who wish to build or rent buildings in the Extension. By the existing roads, there is little difference in distance, between the Petta and Cantonment market. But by opening an approach Road via Guttahalli the distance to the new market would be reduced by nearly 1½ miles, and this reduction in distance would tend greatly to induce great numbers to take up sites for houses in the Extension. It is accordingly proposed to secure a direct approach to the new market by opening out tracks

tracks A.A.A. and B.B.B. as shown in the accompanying tracing. The track shown in red dotted lines to the north of A.A.A. though slightly shorter is more costly and is therefore not adopted.

II At present only cart tracks estimated to cost 1470 Rs: are proposed. The length of tracks to be opened out is nearly 6 furlongs. The country traversed is hilly and rocky. Provision is made only for necessary cutting, Embanking, blasting and forming and for two small Tunnels for foot-passengers and ramps for carts, across the drainages met with.

Bangalore — 9th February 1909

Enclosure No. 3

Sanitary 144 of 1900 2

Sir,

In forwarding herewith copy of Sanitary Supdg Engineer's letter No. 808/359 dated 14th instant together with copies of its enclosures, I have the honor to state that the work of opening out an

approach road from
the Cantonment New
Market to the Malleswa-
ram Extension of the
Bangalore City, is ~~of~~
~~for~~ very desirable in the
interests of the Extension.

As the work is of a per-
manent nature, ~~it~~ cost ~~thereof~~
~~may be met from~~ ~~is a proper charge~~ ~~debitable~~
~~D.P.W.~~
~~to the~~ funds sanctioned
for opening out roads &c in the
Extensions

I therefore request that
the amount of Rs 1470 estimated
by the Supt of Engineer may be
sanctioned from the said funds.
